Day 1 — Nutrition Reset

Nutrition Task

AIM FOR ~1G OF PROTEIN PER POUND OF BODYWEIGHT, OR INCLUDE PROTEIN AT EVERY MEAL.

Meal Example

Breakfast: 4 eggs + spinach

Lunch: Chicken breast + rice + mixed veg

Dinner: Lean beef mince + sweet potato + broccol

Snack: Greek yogurt + berries

Lifestyle Action

Drink 3 L of water today

Protein keeps you fuller and preserves muscle while you cut — hit it first

DAY 2 — TRAINING BOOST

20-Minute Bodyweight Circuit — Repeat 3 rounds

- **Push-Ups — 3 x 12**
- **Squats — 3 x 15**
- **Plank — 3 x 30s**
- **Jumping Jacks — 3 x 30s**

Rest 60s between rounds.

Aim for 10,000 steps today

Strength + daily steps = the most underused fat-loss combo. Don't skip steps.

Day 3 —Lifestyle Upgrade

Nutrition Task

Swap junk snacks for whole foods today (lean meats, eggs, oats, veg)

Training Task

20 min low-intensity cardio — brisk walk, cycle, or incline treadmill

Lifestyle Action

Sleep 7–8 hours tonight.

Sleep and stress control are non-negotiable for consistent fat loss. Protect your nights.
